John,

Would you like to join us on this Region 2 project?

Ex. 5 Deliberative Process (DP)

There are probably lots of places that you could help. Source apportionment or attribution is going to be very important.

Please give me a call if you have a chance.

Thank you,

Andy

Subject: Burke Briefing on Region 2 PFAS Study

Heads-up. Tom has asked for a briefing Wed 3 Aug @ 3-3:30 PM. I'm not exactly sure how it will be handled but likely Andy to present with 6-8 slides. I would suggest that you make the case for why this work is important as both a service to the State/Region as well as research opportunity.

The only information provided in the briefing request is below.

This is a follow up to the request from NJDEP for assistance from NERL on the analysis of PFAS in environmental samples. We are looking for guidance from the IOAA concerning whether or not to proceed with this collaboration.

Please set this time aside on your calendars and begin preparing briefing slides. Jennifer will need to review in advance. Can you have to me by Tues morning? I will let you know as soon as I get confirmation / clarification on briefing presentation (who and what).
